SYMPOSIUM OF SCIENTIFIC TRAINING OF THE POLISH SOCIETY OF ANDROLOGY – 19th DAY OF ANDROLOGY

Kraków, 17–18.11.2017; www.pta2017.pl

Dear Sir or Madam,

We have the honour and pleasure to invite you to the Conference of the Polish Society of Andrology – 19th Day of Andrology, which will be held in November 17–18, 2017 in Cracow at the Qubus Hotel.

The conference will be the next opportunity to meet and listen to Polish and foreign experts in the field of andrology, but also urology, endocrinology, reproductive medicine, laboratory diagnostics and reproductive biology that will enhance your knowledge and help acquire the necessary skills in the diagnosis and treatment of patients with problems of the male reproductive system.

The conference will focus on the health and fertility of men, especially pathogenesis, diagnosis and treatment of disorders in this regard.

We invite not only the members of the Polish Society of Andrology but also anyone interested in clinical and

experimental andrology. The intention of the organizers is to exchange experiences and initiate interdisciplinary collaboration.

We hope that the conference will create the possibility of cooperation among clinicians, diagnosticians and researchers representing the basic sciences. A rich scientific program contributed to the success of previous Days of Andrology that annual organization has already become a tradition.

We hope that it will be the same in Cracow.

Prof. *Jolanta Słowikowska-Hilczer*
President of Polish Society of Andrology

Prof. *Barbara Bilińska*
President of Organizing Committee
